

## **Registering you CAC**

1. The link to the actual file download process is: <http://www.militarycac.com/dodcerts.htm> (current Install Root v3.16.1A as of March 2, 2014):
2. If needed: the video below will help through the install and download process:  
<http://www.militarycac.com/videos.htm#DoD>
3. Once you have Run the Install Root file, then you can follow the instructions below to register your CAC in BUILDER.

After logging into BUILDER with your Username and Password, then you will need to register your CAC.

1. Go to User Preferences (top right hand side of BUILDER screen).
2. Click on "Register CAC".
3. Select the appropriate DOD Certificate (not the EMAIL certificate).
4. Press OK
5. Enter your PIN
6. Press OK
7. Registering..."CAC successfully registered!! You can now log in with this CAC."
